UNIVERSAL HEALTH REALTY INCOME TRUST  
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS  
JUNE 30, 2001  
(unaudited)

(1) General

The financial statements included herein have been prepared by the Trust, without audit, pursuant to the rules and regulations of the Securities and Exchange Commission and reflect all adjustments which, in the opinion of the Trust, are necessary to fairly present results for the interim periods. Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted pursuant to such rules and regulations, although the Trust believes that the accompanying disclosures are adequate to make the information presented not misleading. It is suggested that these financial statements be read in conjunction with the financial statements, accounting policies and the notes thereto included in the Trust's Annual Report on Form 10-K for the year ended December 31, 2000.

In this Quarterly Report on Form 10-Q, the term "revenues" does not include the revenues of the unconsolidated limited liability companies in which the Trust has various non-controlling equity interests ranging from 33% to 99%. The Trust accounts for its share of the income/loss from these investments by the equity method.

(2) Relationship with Universal Health Services, Inc.

Approximately 59% and 64% for the three month periods ended June 30, 2001 and 2000, respectively, and 60% and 64% for the six month periods ended June 30, 2001 and 2000, respectively, of the Trust's consolidated revenues were earned under the terms of the leases with wholly-owned subsidiaries of Universal Health Services, Inc. ("UHS"). UHS has unconditionally guaranteed the obligations of its subsidiaries under the leases. Below is the detailed listing of the revenues received from UHS and other non-related parties for the three and six months ended June 30, 2001 and 2000:

	Three Months Ended June 30, -----		Six Months Ended June 30, -----	
	2001	2000	2001	2000
	-----	-----	-----	-----
	(in thousands)

Base rental - Non-related parties	2,795	2,442	5,559	4,825
	-----	-----	-----	-----
Total base rental	6,048	5,963	12,065	11,866
	-----	-----	-----	-----
Bonus rental - UHS facilities	811	765	1,679	1,547
	-----	-----	-----	-----
Total bonus rental	811	765	1,679	1,547
	-----	-----	-----	-----
Total revenues	\$6,859	\$6,728	\$13,744	\$13,413
	=====	=====	=====	=====

The decrease in base rentals from UHS facilities for the three and six month periods ended June 30, 2001 as compared to the comparable prior year periods resulted from the purchase of previously leased property from the Trust by Meridell Achievement Center, Inc., (a subsidiary of UHS) in December, 2000.

Pursuant to the terms of its leases with subsidiaries of UHS, the Trust earns fixed monthly base rents plus additional rents based on a percentage of the facility's net patient revenue in excess of a base amount. The additional rents, which are paid quarterly, are calculated using each facility's actual monthly net patient revenues.

UHS owned approximately 6.6% percent of the Trust's outstanding shares of beneficial interest as of June 30, 2001. The Trust has granted UHS an option to purchase Trust shares in the future at fair market value to enable UHS to maintain a 5% interest in the Trust.

UHS of Delaware, Inc. (the "Advisor"), serves as Advisor to the Trust under an Advisory Agreement dated December 24, 1986 between the Advisor and the Trust (the "Advisory Agreement"). The Advisory Agreement expires on December 31 of each year, however, it is renewable by the Trust, subject to a determination by the Trustees who are unaffiliated with UHS, that the Advisor's performance has been satisfactory. The Advisory Agreement may be terminated for any reason upon sixty days written notice by the Trust or the Advisor. The Advisory Agreement has been renewed for 2001. The Advisory Agreement provides that the Advisor is entitled to receive an annual advisory fee equal to .60% of the average invested real estate assets of the Trust, as derived from its consolidated balance sheet from time to time. The Advisory fee is payable quarterly, subject to adjustment at year end based upon audited financial statements of the Trust. The Trust has no salaried employees and the Trust's officers are all employees of UHS of Delaware, Inc., a wholly-owned subsidiary of UHS. In 2001, the Trustees awarded a \$50,000 bonus to the President, Chief Financial Officer, Secretary and Trustee of the Trust and UHS of Delaware, Inc. agreed to a \$50,000 reduction in the annual advisory fee paid by the Trust. Advisory fees paid to UHS amounted to \$331,000 and \$339,000 for the three months ended June 30, 2001 and 2000, respectively, and \$667,000 and \$664,000 for the six month periods ended June 30, 2001 and 2000, respectively.

### (3) Dividends

A dividend of \$.465 per share or \$5.4 million in the aggregate was declared by the Board of Trustees on June 1, 2001 and was paid on June 29, 2001 to shareholders of record as of June 15, 2001.

### (4) Accounting for Derivative Instruments and Hedging Activities

Effective January 1, 2001, the Trust adopted Statement of Financial Accounting Standards ("SFAS") No. 133, "Accounting for Derivative Instruments and Hedging Activities", and its corresponding amendments under SFAS No. 138. SFAS No. 133 requires the Trust to measure every derivative instrument (including certain derivative instruments embedded in other contracts) at fair value and record them in the balance sheet as either an asset or liability. Changes in the fair value of derivatives are recorded currently in earnings unless special hedge accounting criteria are met. For derivatives designated as fair value hedges, the changes in fair value of both the derivative instrument and the hedged item are recorded in earnings. For derivatives designated as cash flow hedges, the effective portions of changes in the fair value of

the derivative are reported in other comprehensive income ("OCI"). The ineffective portions of hedges are recognized in earnings in the current period.

The adoption of this new standard as of January 1, 2001 resulted in a cumulative effect of an accounting change of approximately \$532,000 in other comprehensive income to recognize at fair value all derivatives that are designated as cash flow hedging instruments. The Trust expects to reclassify into earnings during the next twelve months \$156,000 from the transition adjustments that were recorded in accumulated other comprehensive income. As of the date of adoption and through the period ended June 30, 2001, the Trust was not party to any derivative contracts designated as fair value hedges. The Trust recorded an additional (gain)/loss of (\$164,000) and \$756,000, respectively, in other comprehensive income to recognize the change in value during the three and six month periods ended June 30, 2001. The gains and losses are reclassified into earnings as the underlying hedged item affects earnings, such as when the forecast interest payment occurs. It is expected that \$220,000 of net losses in accumulated other comprehensive income will be reclassified into earnings within the next twelve months. The Trust also recorded a favorable \$5,000 in current earnings for the three months ended June 30, 2001 and a favorable \$84,000 in current earnings for the six months ended June 30, 2001 to recognize the ineffective portion of the cash flow hedging instruments. As of June 30, 2001, the maximum length of time over which the Trust is hedging its exposure to the variability in future cash flows for forecasted transactions is through November, 2006. In June, 2001, the Trust reclassified a loss of \$41,000 from accumulated other comprehensive income into earnings as a result of the discontinuance of a cash flow hedge due to the probability of the original forecasted transaction not occurring.

The Trust formally assesses, both at inception of the hedge and on an ongoing basis, whether each derivative is highly effective in offsetting changes in fair values or cash flows of the hedged item. If it is determined that a derivative is not highly effective as a hedge or if a derivative ceases to be a highly effective hedge, the Trust will discontinue hedge accounting prospectively.

The Trust manages its ratio of fixed to floating rate debt with the objective of achieving a mix that management believes is appropriate. To manage this mix in a cost-effective manner, the Trust, from time to time, enters into interest rate swap agreements, in which it agrees to exchange various combinations of fixed and/or variable interest rates based on agreed upon notional amounts.

#### (5) Issuance of Shares of Beneficial Interest

In June of 2001, the Trust issued 2.6 million shares of beneficial interest at a price of \$21.57 per share. The shares were offered under the Trust's previously filed \$100 million shelf registration statement. The equity issuance generated net proceeds of \$54.3 million which were used to repay outstanding borrowings under the Trust's \$100 million revolving credit facility.

(6) Comprehensive Income (Loss)

Comprehensive income (loss) represents net income (loss) plus the results of certain non-shareowners' equity changes not reflected in the Consolidated Statements of Income. The components of comprehensive income (loss) are as follows:

	Three Months Ended		Six Months Ended	
	June 30,		June 30,	
	2001	2000	2001	2000
	----	----	----	----

As of June 30, 2001, these LLCs had approximately \$97.7 million of debt, which is non-recourse to the Trust, payable to third-party lending institutions.

(8) Other Matters

In late July 2001, in connection with a review of the Trust's periodic SEC reports, the Trust received comments from the staff of the SEC requesting certain additional disclosures and requesting a revision to Form 10-Q for the period ended March 31, 2001 to reflect the Trust's full implementation of SAB 101 as it relates to the Trust's method of recording additional rents. The Trust is in the process of responding to the SEC's comments.

The Trust's management, and its independent auditors, believed that the Trust's historical accounting has been in accordance with generally accepted accounting principles, however, there can be no assurance that the Trust will be able to maintain its historical method of recording revenue from additional rents. The Trust could be required to change its quarterly method of recording revenue from additional rents. There would be no effect on annual revenues or net income or quarterly cash provided by operating activities or dividends paid. The substance of any such change would be a shift in recognition of revenues and net income from the first quarter to the second quarter of each year and there would be no change in recorded revenues or net income for the third or fourth quarters of each year. Accordingly, the Trust does not believe revenues, net income and FFO for the six months ended June 30, 2001 would be materially impacted by an outcome of these discussions.

Item 2. Management's Discussion and Analysis of Financial Condition  
and Results of Operations

Forward-Looking Statements

The matters discussed in this report, as well as the news releases issued from time to time by the Trust, include certain statements containing the words "believes", "anticipates", "intends", "expects", and words of similar import, which constitute "forward-looking statements" within the meaning of Private Securities Litigation Reform Act of 1995. Such forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause the actual results, performance or achievements of the Trust's or industry results to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Such factors include, among other things, the following: a substantial portion of the Trust's revenues are dependent on one operator, Universal Health Services, Inc., ("UHS"); a substantial portion of the Trust's leases are involved in the healthcare industry which is undergoing substantial changes and is subject to possible changes in the levels and terms of reimbursement from third-party payors and government reimbursement programs, including Medicare and Medicaid; the Trust's ability to finance its growth on favorable terms; liability and other claims asserted against the Trust or operators of the Trust's facilities, and other factors referenced herein. Additionally, the operators of the Trust's facilities, including UHS, are confronted with other issues such as: industry capacity; demographic changes; existing laws and government regulations and changes in or failure to comply with laws and governmental regulations; the ability to enter into managed care provider agreements on acceptable terms; competition; the loss of significant customers; technological and pharmaceutical improvements that increase the cost of providing, or reduce the demand for healthcare; and the ability to attract and retain qualified personnel, including physicians. Management of the Trust is unable to predict the effect, if any, these factors will have on the operating results of its lessees, including the facilities leased to subsidiaries of UHS. Given these uncertainties, prospective investors are cautioned not to place undue reliance on such forward-looking statements. The Trust disclaims any obligation to update any such factors or to publicly announce the result of any revisions to any of the forward-looking statements contained herein to reflect future events or developments.

Results of Operations

The Trust has investments in forty-one facilities located in fifteen states. The Trust invests in healthcare and human service related facilities including acute care hospitals, behavioral healthcare facilities, rehabilitation hospitals, sub-acute care facilities, surgery centers, child-care centers and medical office buildings.

The second quarter dividend of \$.465 per share or \$5.4 million in the aggregate was paid on June 29, 2001.

For the quarters ended June 30, 2001 and 2000, net income totaled \$4,303,000 and \$3,800,000 or \$.44 and \$.42 per share (basic and diluted), on net revenues of \$6,859,000 and \$6,728,000, respectively. For the six months ended June 30, 2001 and 2000, net income totaled \$8,443,000 and \$7,716,000 or \$.90 and \$.86 per share (basic and diluted) on net revenues of \$13,744,000 and \$13,413,000, respectively.

The \$131,000 and \$331,000 increases in net revenues during the three and six month periods ended June 30, 2001 as compared to the comparable 2000 periods were due primarily to \$353,000 and \$734,000 increases in base rental revenue from non-related parties, respectively, partially offset by \$268,000 and \$535,000 decreases in base rental revenue from UHS facilities respectively, as well as \$46,000 and \$132,000 increases in bonus rental revenue from UHS facilities, respectively.

The increases in base rentals from non-related parties resulted primarily from the revenues generated from the Southern Crescent II medical office building which was opened during the third quarter of 2000. The decreases in base rentals from UHS facilities resulted from the purchase of previously leased property from the Trust by Meridell Achievement Center, Inc., (a subsidiary of UHS) in December, 2000.

Other operating expenses increased \$117,000 or 17% during the second quarter of 2001 and increased \$174,000 or 13% during the 2001 six month period as compared to the comparable prior year periods. Included in the Trust's other operating expenses were the expenses related to the medical office buildings in which the Trust has a controlling ownership interest which totaled \$613,000 and \$511,000 for the three month periods ended June 30, 2001 and 2000, respectively, and \$1,182,000 and \$1,038,000 for the six month periods ended June 30, 2001 and 2000, respectively. A portion of the expenses associated with the medical office buildings are passed on directly to the tenants and are included as revenues in the Trust's statements of income.

Included in the Trust's financial results was \$877,000 and \$704,000 for the three months ended June 30, 2001 and 2000, respectively, and \$1,699,000 and \$1,471,000 for the six months ended June 30, 2001 and 2000, respectively, of income generated from the Trust's ownership in limited liability companies which own medical office buildings in Arizona, California, Kentucky, New Mexico and Nevada.

The Trust adopted SFAS No. 133 effective January 1, 2001. The adoption of this new standard for the three and six months ended June 30, 2001 resulted in a \$36,000 loss and a \$43,000 gain, respectively, on derivatives.

Funds from operations ("FFO"), which is the sum of net income plus depreciation expense for consolidated investments and unconsolidated investments plus or minus gains/losses on derivatives, increased 12% to \$6.2 million for the three months ended June 30, 2001, and increased 9% to \$12.2 million for the six months ended June 30, 2001. Contributing to the increases in FFO during the three and six month periods ended June 30, 2001, as compared to the comparable prior year periods, was a reduction in interest expense resulting from the \$54.3 million repayment of outstanding borrowings under the revolving credit agreement using the net proceeds generated for the issuance of an additional 2.6 million shares of beneficial interest in June, 2001. FFO may not be calculated in the same manner for all companies, and accordingly, FFO as presented above may not be comparable to similarly titled measures by other companies. FFO does not represent cash flows from operations as defined by generally accepted accounting principles and should not be considered as an alternative to net income as an indicator of the Trust's operating performance or to cash flows as a measure of liquidity.

## Liquidity and Capital Resources

Net cash provided by operating activities was \$10.6 million for the six months ended June 30, 2001 and \$9.5 million for the six months ended June 30, 2000. The \$1.1 million net favorable change during the first six months of 2001 as compared to the comparable prior year period was primarily attributable to: (i) a \$683,000 favorable change in net income plus the addback of the non-cash charges (depreciation and amortization and gain on derivatives); (ii) a \$337,000 favorable change in rent receivable, and; (iii) \$54,000 of other net favorable changes.

During the first six months of 2001, the \$11.4 million of cash generated from operating activities, including the cash distributions received from the various LLCs in which the Trust owns a non-controlling interest, and the \$54.3 million of net proceeds generated from the issuance of 2.6 million shares of beneficial interest were used primarily to: (i) repay debt (\$52.2 million); (ii) invest in LLCs in which the Trust owns various non-controlling interests (\$2.2 million), and; (iii) pay dividends (\$9.6 million).

During the first six months of 2000, the \$10.1 million of cash generated from operating activities, including the cash distributions received from the various LLCs in which the Trust owns a non-controlling interest, the \$8.6 million of additional borrowings and the \$475,000 decrease in cash were used primarily to: (i) purchase a medical office building located in Danbury, Connecticut (\$6.4 million); (ii) purchase a 95% equity interest in a limited liability company that owns and operates Skypark Professional Medical Building located in Torrance, California (\$1.8 million); (iii) finance capital expenditures (\$2.5 million), and; (iv) pay dividends (\$8.2 million).

In June of 2001, the Trust issued 2.6 million shares of beneficial interest at a price of \$21.57 per share. The shares were offered under the Trust's previously filed \$100 million shelf registration statement. The equity issuance generated net proceeds of \$54.3 million which were used to repay outstanding borrowings under the Trust's \$100 million revolving credit facility. Pursuant to the terms of the Trust's original revolving credit agreement, the \$100 million commitment was to be reduced by 50% of the net proceeds generated from the issuance of equity. During the second quarter of 2001, the revolving credit agreement was amended to waive the commitment reduction provision, thereby keeping the commitment at \$100 million.

As of June 30, 2001, the Trust had approximately \$67 million of unused borrowing capacity under the terms of its \$100 million revolving credit agreement. The agreement expires on June 24, 2003, at which time all amounts then outstanding are required to be repaid. Additional funds may be obtained either through refinancing the existing revolving credit agreement and/or the issuance of long-term securities.

AMENDMENT NO. 2  
to  
REVOLVING CREDIT AGREEMENT

This Amendment No. 2 (the "Amendment") is made as of June 6, 2001 to that certain Revolving Credit Agreement dated as of June 24, 1998, as amended by an Amendment to Revolving Credit Agreement dated as of April 30, 1999 (as so amended, the "Credit Agreement") among Universal Health Realty Income Trust, a real estate investment trust organized under the laws of Maryland (the "Company"), First Union National Bank, Bank of America, N.A., Fleet National Bank and PNC Bank, National Association (individually a "Bank" and collectively the "Banks") and First Union National Bank, as administrative agent for the Banks (the "Agent"). Capitalized terms not defined herein shall have the respective meanings assigned to such terms in the Credit Agreement.

Background

A. The Company is in the process of making an equity offering the proceeds of which the Company intends to apply to amounts outstanding under the Credit Agreement.

B. In connection with such equity offering, the Company, the Banks and the Agent desire to amend the Credit Agreement as set forth below.

NOW, THEREFORE, in consideration of the premises and intending to be legally bound hereby, the parties hereto agree as follows:

1. Amendment. Section 2.3(b) of the Credit Agreement shall be amended by -----  
adding at the end of such subsection the following:

"Notwithstanding the foregoing, the Commitment Amount shall not be reduced as a result of the 2001 Offering (as hereafter defined) if (i) within 90 days after the closing of the 2001 Offering or, if earlier, on the last day of the latest ending Interest Period applicable to any LIBO Rate Amount or Adjusted C/D Rate Amount outstanding on May 31, 2001, the Company makes a prepayment on the Loans in an amount not less than the amount of proceeds of the 2001 Offering (net of all reasonable costs and expenses incurred in connection therewith), and (ii) on the date of such prepayment the Company pays the Agent, for the pro rata benefit of the Banks in accordance with their Commitments, a fee equal to 10 basis points on one-half of the amount of such net proceeds of the 2001 Offering. Such prepayment shall be accompanied by a certificate signed by the chief financial officer of the Company certifying the gross and net amount of the proceeds of the 2001 Offering. For the purposes hereof, "2001 Offering" shall mean the first public equity offering closed by the Company after June 6, 2001, but on or before July 31, 2001."

2. Representations of the Company. The Company hereby represents and  
-----  
warrants to the Banks that (i) the execution, delivery and performance of this Amendment has been duly authorized by all necessary action on the part of the Company, (ii) this Amendment is a legal, valid and binding obligation of the Company enforceable against the Company in accordance with its terms, and (iii) no Default or Event of Default has occurred and currently exists.
3. Counterparts; Effectiveness. This Amendment may be signed in any  
-----  
number of counterparts, each of which when executed shall be deemed an original and all of which taken together shall constitute one and the same instrument. This Amendment shall become effective when the Agent shall have received signed counterparts from the Company and the Majority Banks. Delivery of a signed counterpart of a signature page by facsimile transmission shall constitute delivery of a manually signed counterpart, but any party transmitting a facsimile shall confirm such transmission by mailing or otherwise delivering the manually signed counterpart to the Agent.
4. Effect of Amendment. Except as expressly modified and amended hereby,  
-----  
all provisions, terms and conditions of the Credit Agreement shall remain unchanged and in full force and effect.

IN WITNESS WHEREOF, the parties hereto have caused this Amendment to be executed as of the date first above written.
